A portion of proceeds support Grandma's House of Hope, a non profit organization that provides compassionate care for women in crisis and hungry children in Orange County. GHH "welcomes hard-to-place cases including women fighting breast cancer, victims of human trafficking, and women struggling with mental illness. GHH also offers the Nana's Kidz program, which serves over 300,000 meals annually to 345 kids in Orange County that are currently living in motels."
